

Policy Number:	2100
Policy Title:	Association Memberships

1. The District maintains memberships in industry and trade associations that promote the interests of public water utilities, or that provide value to the District's policy development efforts, planning, operations or management. Said memberships shall be reviewed and approved annually during the budget process.
2. The District maintains a utility-wide membership to the American Water Works Association (AWWA). The District shall pay annual dues for Directors desiring individual membership to AWWA during their elected term.
