

Construction Inspector

Annual Salary Range \$67,184.00 - \$90,708.80

Fair Oaks Water District (FOWD) is committed to providing our community with an adequate and reliable supply of water, exceeding all drinking water standards, at the lowest reasonable cost. A full-time position offers a terrific team environment and excellent benefit package.

General Job Description

Under general direction of the Technical Services Manager, this position inspects the maintenance, repair, and construction of the Fair Oaks Water District (FOWD) water system and facilities; ensures constructed improvements are in compliance with approved plans, FOWD and Sacramento County standards and specifications, and regulations; performs administrative duties to ensure proper completion of projects; drives and operates vehicles and equipment.

Job Standards/Specifications

Any combination of training and experience may qualify if it would provide the skills, knowledge and abilities to accomplish the requirements of the position.

Knowledge of:

- Principles, methods, materials, and equipment used in water system installation, maintenance, construction, and repair work.
- FOWD construction specifications and standards.
- Sacramento County construction specifications and standards.
- Construction safety laws, rules and regulations.
- Principles used in the design of water systems.
- Water quality regulations and requirements.
- Cross-connection control regulations and how they apply to the waterworks industry.
- General landscaping, irrigation techniques, methods and troubleshooting.
- DOT regulations for performing safety sensitive functions.
- Contract administration.
- Microsoft Office software applications.

Ability to:

- Communicate clearly and concisely, both orally and in writing.
- Effectively communicate with the public.
- Interpret designs, plans, and understands construction specifications.
- Develop inspection and project status reports.

Typical Physical Activities

- Travel regularly by vehicle for FOWD related duties and activities.
- Manual labor requiring use of manual and power tools.
- Exert considerable physical effort in moderate to heavy work involving stooping/kneeling, pushing/pulling, climbing/balancing and lifting/carrying.
- Lift, carry, push, and/or pull objects weighing up to 100 pounds.
- Operate various types of machinery and equipment such as the drill press, tapping machine, grinder, compactor, boring machine, hydraulic pump, jackhammer, pipe locator, and spade.
- Hearing and vision within normal ranges with or without correction.

Environmental Factors

- Manual labor requiring use of manual and power tools.
- Exposure to the sun: Work time spent outside a building and exposed to the sun.
- High Temp: Considerable work time in hard manual labor in temperatures between 80 or more degrees.
- Wetness: May get part or all of the body and/or clothing wet.
- Noise: Occasionally there are unusually loud sounds.
- Slippery Surfaces: Occasional Work on unusually slippery surfaces.

Experience, Licenses and Certification

Desired Qualifications:

- Minimum of four years' experience in general pipeline and related construction.
- Minimum of two years' experience working as a California Distribution Operator Grade II or higher.
- Any combination of training and experience may qualify if it would provide the skills, knowledge, and abilities to accomplish the job requirements.

Required Licenses/Certifications:

- California Certified Water Distribution Operator Grade II.
- California Certified Water Treatment Operator Grade II.
- California Certified Cross-Connection Control Specialist or ability to obtain within one year of employment.
- California Certified Backflow Prevention Assembly Tester or ability to obtain within one year of employment.
- Graduation from high school or equivalent.
- Valid California motor vehicle operators commercial class B license.
